TORONTO, MAY 26, 2015 (TSX VENTURE: PVF) – Partners Value Investments Inc. (the “Company”), formerly Partners Value Fund Inc., announced today its financial results for the first quarter ended March 31, 2015.

The Company’s net book value increased by \$6.97 per share during the first quarter to \$44.48 per share due to increases in the market value of its long-term investment portfolio, namely its Brookfield Class A Shares.

The Company recorded net income of \$12 million (\$0.17 per common share) for the three months ended March 31, 2015 compared to \$15 million (\$0.20 per common share) in the prior year period. The decrease in net income was primarily due to a reduction in investment income from our New Horizons portfolio which was previously equity accounted in the prior year.
